OLD BUSINESS:

SCOTT & JACKIE ANGELO, 787 NAUTILUS TR (1601002) – 18' FRONT YARD SETBACK FOR AN ADDITION WHERE 25' MINIMUM IS REQUIRED

Scott and Jackie Angelo, property owners were in attendance to address the variance request. They recently purchased the home with the intent to update the structure and put on an addition. The property is angled. The parcel extends into the water 40 feet on

one corner and 34 feet on the other rear corner. They were asking for a 7 foot variance where the northeast corner of the garage addition would encroach upon the 25 foot front yard setback. Mr. Angelo stated that detached garages are not permitted in Aurora Shores. The Board previously heard from neighbors in favor of the variance. There was no one present to make any further comments on the variance request. Ms. Fennell closed the floor for public comments. The board discussed the request. Ms. Fennell stated that the variance was not substantial in her opinion. She further stated that because the Homeowner's Association does not allow detached garages that the applicant's predicament could not be feasibly solved through another method. Everyone agreed. Mr. lammarino stated that it was the last house on the street to update and felt this improvement would better the neighborhood. Mr. McCarrell stated he was in favor of the variance.

MOTION: To approve the variance request

Mr. McCarrell moved for approval; Mr. lammarino seconded, and the motion carried, 3-0, on a roll call vote.
